WALKAWAY lets you return your vehicle if any of the following happens within 12 months of the policy commencement date...

- involuntary unemployment
- driving restrictive medical condition
- physical disability
- international job transfer

...and cancel up to \$7500 in debt*.

If you're like most people you love the vehicle but not the financial commitment that comes with it. After all, things change.

Shouldn't your loan or lease obligations be able to change too?

WALKAWAY protection is only available at Authorised WALKAWAY Retailers.

The best part is, it's complimentary from the dealership for the first 12 months.

Some age and health restrictions apply, ask your dealer about enhanced options that extend coverage for your loan or lease for up to 7 years.
